Professional Experience

Full Stack Developer | Integra Connective
April 2025 – Present

- Engineered and deployed high-performance applications (DentIQ, BellaSofia) for Android and iOS using .NET MAUI and XAML, managing the full lifecycle from development to App Store and Google Play publishing.
- Designed and implemented robust e-commerce platforms and administrative dashboards using Vanilla PHP, JavaScript (jQuery), and HTML5/CSS3.
- Developed complex MySQL schemas, optimized queries, and implemented Stored Procedures to handle business logic for Point of Sale (POS) and inventory management systems (Cilo, Cohoba, Costa Rica).
- Integrated Stripe API for secure, end-to-end payment processing in e-commerce modules.
- Implemented Google & Apple OAuth 2.0 for streamlined user authentication, navigating complex configurations in Google Cloud Console and App Store Connect.
- Developed custom mailing services and integrated the Estafeta API for real-time shipping and logistics tracking.
